

# Test Equipment Connection Corporation Announces New E&I RF Power Amplifiers are Now Available for Sale.

Released on: November 29, 2007, 8:26 am

Press Release Author: Phil Vogel

Industry: [Aerospace](#)

**Press Release Summary: Test Equipment Connection Corporation today announced the company has entered into a distribution sales agreement with E&I to sell new E&I RF power amplifiers.**

Press Release Body: **Test Equipment Connection Corporation** today announced the company has entered into a distribution sales agreement with **E&I to sell new E&I RF power amplifiers.**

*"We have been selling used **ENI amplifiers** for 14 years and are thrilled to let our customers know that the ruggedness and reliability of the older ENI amplifiers is back," said **Lexie Moss, Sales and Channels Manager for Test Equipment Connection Corporation.** "**E&I's** new products will help us address the increasing demand we are seeing for power amplifiers. And unlike the old **ENI amplifiers**, their new products are CE marked RoHS Compliant which is important to our European customers."*

*"**E&I** is pleased to add **Test Equipment Connection** as an Authorized Distributor for the **E&I line of RF Amplifiers**," said **Dave Olson, North American Sales manager for E&I.** "We believe the new association will greatly enhance the exposure of **E&I's** products*

*through Test Equipment Connection's extensive world wide marketing capabilities."*

**About Test Equipment Connection Corporation:**  
**Test Equipment Connection Corporation and TE Connection Asia Limited** are industry leading suppliers of New and Refurbished electronic test and measurement ("T&M") equipment. The companies sell, rent, lease, buy, trade, repair and calibrate over 200 manufacturers with thousands of products available New and Refurbished. The companies are a single source supplier with in-house calibration laboratories assuring that customers receive only the highest quality T&M equipment and support. **Test Equipment Connection Corporation** has over 200,000 customers, a 45,000 square foot warehouse and repair facility in the US, and over 14 years of profitability and financial strength. The Company web sites are located at [www.testequipmentconnection.com](http://www.testequipmentconnection.com) and [www.teconnectionasia.com](http://www.teconnectionasia.com).

**About Electronics & Innovation, LTD (E&I):**  
**Electronics & Innovation** is a young and dynamic company fulfilling the market demand for rugged and reliable RF power amplifiers. **E&I** offers unparalleled service and support, with eagerness to provide solutions for RF power needs. In addition to providing a line of new power amplifiers which mirror the performance of the old **ENI** line, **E&I** offers support, service and repair of the former line. Located in Rochester, NY, **E&I** was founded in 2003 by five former ENI employees. As the company grows, they continue to develop new products, expanding in terms of both frequency and power level.
