Industry: [Internet & Online](#)

**Press Release Summary: Dentistry 21 is proud to present our brand new website service, the first and only website design system specifically created for dental labs.**

Press Release Body: The 1st [Dental Lab Website Design](#) System

**Dentistry 21** is proud to present our brand new website service, the first and only website design system specifically created for dental labs. After years of creating impressive [dental websites for dentists](#) we have become a leader in another field of dentistry. In just 5 minutes, dental labs can create an attractive and comprehensive website that includes professionally written content and images, all of which are fully customizable. The list of features include: over 100 design variations that can be changed at anytime, unlimited pages, and customizable content & images.

This easy-to-use system does not require any website design knowledge and enables dental labs to create a personalized website that best represents their lab. **Dentistry 21**'s packages are priced competitively and the company offers a no-obligation free preview of the websites.
