Industry: [Financial](#)

Carousel Checks, based in Crestwood, IL, offers an extensive line of checks for personal use. Customers who need to order personalized checks can simply visit the web site at a convenient time. They can browse through Carousel Checks' extensive product line to select the style of online checks that best meet their needs.

The checks are offered in a number of themes. The customer can choose from themes ranging from animals to transportation. Other offerings include sports, roller coasters, music, flowers, and food.

A customer who wants to use personalized [Checks](#) with the image of their choice can do so. The company also offers a line of checks that are printed with an image that the customer provides. Carousel also offers custom photo address labels. A four-line pre-inked stamp is another option for customers who want a solution for providing their return address on correspondence but who don't want to include an image.

The company offers proofs at no charge to its customers who want to use custom images for their checks. They can even use a series of rotating images in their order. Before the order for the checks is run, the customer receives the proofs by e-mail. They know in advance what the image is going to look like on their custom checks.

Business customers can order three to a page accounts payable checks. A company logo can be added to the checks at no extra charge. All of Carousel Checks' business products are printed on quality paper. Depending on the business owner's needs, up to three signature lines can be included on the front of the checks. The company also provides double window envelopes for its line of business checks.

Carousel Checks also offers a line of computer checks that are compatible with Quickbooks, Quicken and Microsoft Money. These products are designed to meet or exceed regulations put in place by United States banks. As in the case of accounts payable checks, adding a company logo is free. Double window envelopes for the computer checks are included in the price.

Placing an order for checks from Carousel is a simple and convenient process. The customer makes a selection and chooses the font style they would like. The checks can also be customized with monograms and stock logos, if desired. The entire process can be done online or by filling out an offline order form that can be forwarded to the company by regular mail or facsimile transmission.

When an order for online checks is placed, the customer has a number of shipping options that they can choose from. They can specify whether they would like to use UPS Ground, 2 Day or Next Day service. Priority Mail and Bulk Mail are other available options. This flexibility is another example of how Carousel Checks strives to meet its customers' needs by providing them with choices that fit their needs and budget.

Carousel Checks wants to its customers to come back repeatedly for their needs. The company doesn't charge extra for repeat orders. This policy is designed to encourage customers to look to Carousel for their online checks and address label needs.

Contact Details: Carousel [Checks](#) Inc. offers a complete line of checks that can be used for personal and business purposes.
