

# Hazmat Training Comes to St. Louis

Released on: May 07, 2010, 9:03 am

Author: [Environmental Resource Center](#)

Industry: [Environment](#)

May 7, 2010- When workers handle hazardous waste or ship hazardous materials, training is not just a good idea, it's the law. According to the EPA, workers who handle hazardous waste must be trained annually, and the federal DOT requires that workers involved in the shipment of hazardous materials be trained at least every three years.

A graphic titled 'Your Compliance Credentials' featuring a large stylized 'E' logo on the left and several hazard diamonds in the center. The diamonds include symbols for Corrosive, Flammable Liquid, Inhalation Hazard, Radioactive, Dangerous Gas, Explosive, and Oxidizer. To the right of the diamonds is a text block describing the Environmental Resource Center's services.

**Your Compliance Credentials**

Environmental Resource Center is an environmental, health, safety, and transportation consulting firm. Since 1981, we have served industry, academia, and federal and state government agencies. Our goal is to help you effectively comply with environmental, safety, and health regulations.

Environmental Resource Center, the leading provider of environmental and safety training, will present the mandatory training in St. Louis at the Holiday Inn – St. Louis Airport on May 11 – 13, 2010. Training begins at 8am and ends at 5pm each day.

Hazardous Waste Management: The Complete Course will be taught on May 11 and 12.

Hazardous Materials Training: The Complete Course will be taught on May 13.

Registration for the training is available by calling 800-537-2372 or at <http://www.ercweb.com/classes>.

Now in its 28th year, Environmental Resource Center trains not only thousands of industry personnel every year, the company also trains personnel from most of the state and federal agencies that enforce the regulations.
