Belonging to the Casino Riva Group, expert of on-line games, Riva Poker is the latest online poker room. A new generation of game begins on web and this room keeps the objective to get back the players to the basics: play poker. Bet won to have preserved this particular atmosphere which makes the success of poker, because it is in the pure tradition of this game that the players are going to find a friendly nearness, also closer to the casino spirit. A quality interface, a classic and reassuring graphic choice and a navigation optimized by the last exploit of the technology, here is the main assets which Riva Poker reveals from the first connection.

On promotions side, the site has nothing to envy the other rooms, on the contrary, it promises to be victim of its success by the first very promising advantages that it presents, in particular with the precious bonuses earnest to all the players. On this field, those who are attracted by the novelty are best served because with \$10 offered to test the software, the room throws a first original challenge to the experts. They can also try any new casino games, as Iron Man or Hulk thanks to free \$10. Finally, an attractive present of \$20, to discover entire offers. The ritual welcome bonus is also a part of the game and grants handsomely 100 % on the 1st deposit. To refer a friend will make two players happy in the same moment, with \$75 for the member player and \$25 for the new subscriber, sharing the game is nice and profitable.

Among the most played variants, Texas Hold'em remains in head, and to control the game rules, the beginners are welcome in the Poker Academy. To the festivities program, 50 freerolls tournaments are proposed every week and Sunday is reserved for an extraordinary tournament where guaranteed \$250 000 at stake.

On assistance side, the customer support is guaranteed by experts of the maintenance and the game, who are ready to get down to work, answering on any request 24/7. With six languages on its lobby, Riva Poker has not for ambition to revolutionize the poker but to suggest this game, more as a real entertainment than a competition, in the tradition of the casino games that the Riva brand already offer with verve and elegance.
