Leading men's jewelry retailer offers great deals on striking black diamond jewelry and accessories for him

(Modesto, Calif.) May 31, 2009 – Titanium-Jewelry.com, a leading online retailer of men's wedding bands, tungsten rings, titanium rings and unique contemporary jewelry, announces the arrival of black diamond jewelry and accessories. Featuring titanium, tungsten and black diamonds, these rings, cufflinks, bracelets and necklaces make the perfect gift for Father's Day.

"For most men, Father's Day means getting another tie, cologne or barbeque set, and while that's nice, it also can be predictable," said Ron Yates, founder, Titanium-Jewelry.com. "Why not surprise him this year with a strikingly handsome ring made from modern metals that showcases the mysterious allure of the black diamond?"

An alternative to traditional diamonds, the black diamond has recently been favored among celebrities such as Carmen Electra, whose engagement ring's stone is a black diamond set against white diamonds. Also known as carbonado, the black diamond is the oldest, toughest and rarest diamond found only in Brazil and Africa. The black

diamond is so tough that it was used to drill the rocks for the Panama Canal. Black diamonds used in jewelry are treated with high heat to get their intense color.

Titanium-Jewelry's selection of black diamond jewelry comes from some of its most popular designers. The Forge by Benchmark sets the jet colored stone against the cool satin finish of tungsten while the EM Sport Ring by Edward Mirell, featured in popular men's magazines, draws attention with parallel black cables and matching black diamonds. Cufflinks from Triton feature twin rows of genuine black diamonds set against stainless steel and for a masculine look, the Ultra Wide Titanium Ring by Titanium-Jewelry showcases three brilliant round [black diamonds](#) tension set within a 10-mm wide titanium band.

Titanium-Jewelry.com brings cutting edge designs to market offering affordability and stylish value to couples in search for unique rings and contemporary jewelry. Enticing grooms and couples worldwide, the online retailer provides a multitude of styles and metals representing the best selection of palladium rings, titanium rings, tungsten rings, and men's wedding bands for the up and coming male and female demographic.
