Dubai, UAE (April 12, 2010) - On April 18, 2010, Traders Advisory DMCC will start its business activities. Traders Advisory is based in Dubai, UAE and licensed and registered as a free zone company under the rules and regulation of Dubai Multi Commodities Center Authority; it centers its activities on the financial market specifically the FX market by providing alternative forecast and technical analysis of the currency market to traders. It will also offer FOREX training course in Dubai for starters who want to learn how to trade the currency market effectively.

*"Now a day, almost everyone is in to trading the financial market online, and almost all retail traders are in pursuit of finding the solution on how to make their trading easy and profitable. We are providing solutions; our specialized services will help FX traders", said Mr. Monirul Quazi, Managing Director of the company.*

As a trader, either full time or part time, doing all the hard work and research could be very exhausting. Traders Advisory DMCC can offer solution to make trading the currency market less stress and profitable. By simply acquiring to the company's specialize technical analysis service, members are now leveraging with the company's vast resources including its team of experts.

Traders Advisory DMCC is a reliable and trusted source of alternative insights for traders of the FX market. Its strength relies on its team of proprietary traders and analysts whose primary responsibility is to give their professional and unbiased outlook on the direction of the market. The company strongly adheres to the principle that "WEALTH is TEAMWORK", that hard work never really made anyone wealthy and real wealth can only be achieved by leverage of others' time.

Mr. Quazi added "*Dealing with the FOREX market requires continuous education and research and by extending our expertise to others, we have more reason to become attentive and sensitive to all that is happening in the FOREX market*".
